

CROPINNO Workshop
Introduction to (Crop) Epigenetics

February 23rd and 24th Padua Italy

Thursday 23rd

9:15 – 9:30	Welcome & opening	
9:30 – 10:45	An Introduction to Chromatin marks	Serena Varotto UNIPD
11:00 – 11:30	Coffee and sweets	
11:30 – 12:15	Epigenetic marks: DNA methylation	Cinzia Comino UNITO
12:30 – 13:15	Non-Coding RNAs	Emanuele De Paoli UNIUD
13:30 – 14:30	Lunch	
14:45 – 15:30	Collecting plant materials for Transcriptome studies	Justin Joseph UNIPD
15:45 – 16:30	How to sequence RNA	Stefania Vendramin BMR genomics
16:45 – 17:30	<i>General discussion</i>	

Friday 24th

9:15 – 10:00	Chromatin dynamics and environment	Giorgio Perrella UNIMI
10:15 – 11:00	Chromatin in drought stress response	Serena Varotto UNIPD
11:15 - 11.45	Coffee and Sweets	
11:45 -12:30	Chromatin extraction in plants	Silvia Farinati UNIPD
12:30 – 13.30	Integration of chromatin data and transcriptomic data	Roberto Malinverni Sequentia Biotec Spain
13:30 – 14.00	<i>General discussion</i>
